CONCLUSIONS FOR WORK PACKAGES	EVALUATION	JUSTIFICATION (only in case YES or NO)
<b>WP4</b>		
2. Text parts of the General Schemes on the basis of national contribution is necessary to send to the coordinators the national contributions till end of April 2010	NO	We received statistical data on the 10th-11th of May, which were transferred into electronic version and put into the text description.
3. GIS part of the general schemes on the basis of national contribution is necessary to send to the coordinators the national contributions till end of April 2010	NO	We received statistical data on the 10th-11th of May, which were needed in order to complete the GIS part.
4. Data at NUTS3 level on the WEB project portal – and the data collection to the end of April 2010	NO	We had no opportunity to add the data as the Ukrainian target territory is presented as one NUTS3 unit (Odessa region) as a whole and not as 12 separate NUTS3 units (districts).
5. The coordinators should to send the templates for the data, text and GIS to the national project partners – members of the PSC till end of March 2010	NA	
6. The portal should be ready for accessing the data by all the relevant partners till end of March 2010	YES	We were able to access the data as all the needed accounts were created and logins and passwords received.
