

**Progress of the WP2 – Program of the Middle (National) Conference(s)**

7<sup>th</sup> Workshop - of the DONAUREGIONEN+ project  
 24<sup>th</sup> – 25<sup>th</sup> November 2010  
 Bratislava, Slovakia  
 Tibor Németh  
 Lead Partner – Ministry of Transport, Construction and Regional Development of the Slovak Republic

Jointly for our common future

On the basis of the discussion with JTS and some of you (ERDFPP1, ERDFPP4, ERDFPP5, ERDFPP7, ERDFPP8, 10%PP2, 10%PP3 10%PP4, 10%PP7 and 10%PP8) and on the basis of quality and quantity of semi-results (mainly on national level) we decided that the planned D+ Middle Conference in Budapest on February 2011 will be cancelled!

Jointly for our common future

The D+ Middle Conference will be practically replaced/transformed/changed for the obligatory 8 National Project Conferences during the 5<sup>th</sup> period between March-June 2011 otherwise between 8<sup>th</sup> and 9<sup>th</sup> workshops. Of course these conferences can be organized before March 2011 but not after June 2011!

Jointly for our common future

Here are the reasons for National Project Conferences (NPF):

- effective presentation of semi-results of the project in national level (in national language).
- probability for more participants from each country.
- presentations will be concentrated only for national data and examples.
- probability for more participants from each country.
- could be participated more institutions with lower budget - (for example - it is more probably that interested institute from Moldova will participate on conference in Moldova than in Budapest).
- possibility for interactive communication during the conference with end users/stakeholders of project outputs.
- very low budget for organizing - (1 day, only cost for rent a room and buffet catering) - **cca.1.000 - 2.000 €.**

Jointly for our common future

This change not required project modification, only notification/explanation for JTS that this change will not have affect for 20% budget reallocation between BL or WP and it will have to be reported in the respective Progress Report.

We can say that these NPF are like National Info Day's which were practically planned within the project.

The representatives of LP and ERDFPP1 according to the request of organizer will be ready to participate on each NPF.

If you have possibility you can incorporate this change into your budget reallocation prepared on the present. But it will be sufficient during the 5th period.

This change will be also the one of the points of 5th meeting of PSC during the workshop in Bratislava.

Jointly for our common future
